Interview Summary

Sir:

.Yesterday, February 14, 2007 and today, February 15, 2007, Stephen M. Patton and Examiner Alicia Torres spoke regarding the Advisory Action that is due to be sent to the Applicant in the above identified case.

They discussed the allowability of previously allowed claim 11.

They reached agreement that the Examiner would make an Examiner's amendment to claim 11 by appending the last clause of claim 13 to claim 11

(i.e. append the clause: “wherein the mounting device ... direction of travel of the harvesting machine”) and issue a Notice of Allowance for all of the claims 11-15.

Respectfully,

signed:           /Stephen Michael Patton #36235/
